```

- All production sequences are certified according to DIN ISO 9001
- Training programmes for IPC employees in process engineering, maintenance and hygiene

- Manufacturing approval for pharmaceutical products – GMP certificate approval for animal feed manufacture  
(Registernumber DE SN 1 00001)
- Inspection of incoming material: IPC inspects all delivered raw materials meticulously for transportation damage and stores reference samples. On request, we will analyse your goods in accordance with the material specification, thus increasing product safety right from the start.
- In-process inspection, e.g. monitoring residual material moisture, sieve analysis
- Final inspection - release in accordance with specification
- Detailed documentation of processes for traceability down to individual batches

The certificates can be downloaded under [»Mediathek + Downloads«](#).
